Considered one of the Wests leading experts on Islam, Lewis, with Churchill, has written an illuminating introduction for those who want to understand the faith and the global challenges it confronts and presents. Whatever your political, personal, or religious views, this book will help you understand Islams reality. Lewis and Churchill answer questions such as... How does Islam differ from Judaism and Christianity? What are the pillars of the Islamic faith? What does Islam really say about peace and jihad? How does the faith regard non-Muslims? What are the differences between Sunni and Shia? What does Islam teach about the position of women in society? What does Islam say about free enterprise and profit? What caused the rise of radical Islam? What are the problems facing Muslims in the U.S. and Europe and what are the challenges posed by those minorities?
