Description :

Prsentation de l'diteur
WINNER OF THE 2006 FORWARD PRIZE
In Scots, the verb 'swither' has two meanings: to be doubtful, to waver, to be in two minds; and to appear in shifting forms - indeterminate and volatile. From disarmingly direct poems about the end of childhood to erotically charged lyrics about the ends of desire, Robertson's powerful third collection is stalked and haunted by both senses. Hard-edged, pitch-perfect, effortlessly various, Swithering is a book of brave and black romance, locating its voice in that space where great change is an ever-present possibility. Swithering has just won the Forward Prize for Best Collection and is also shortlisted for this years T.S. Eliot Prize.
Revue de presse
PRAISE FOR ROBIN ROBERTSON
"Each poem comes to us so cleansed of excess, so concentrated and perfectly pared down to

its essence we can only wonder at the adamantine sharpness of its edges."-BILLY COLLINS"The genius of this Scots poet is for finding the sensually charged moment-in a raked northern seascape, in a sexual or gustatory encounter-and depicting it in language that is simultaneously spare and ample."-THE NEW YORKER
