## Description :

Presentation de l'auteurThe Magic Forest happily invites you to enjoy Introduction to Letter Sounds. A strong foundation in phonics has been proven to support children in learning to read, and this book is designed to assist phonics instruction, at home or in school, by teaching children to correctly associate individual letters with the sounds they make. Isolating and identifying each individual letter in a word is the beginning. Once your child can correctly associate a sound with each letter of the alphabet, encouraging them to decode a word is the next step to reading. The Magic Forest is a fun way to introduce these sounds and practice a newly learned skill.Let's start at the beginning and move forward together!Presentation de l'auteurThe Magic Forest happily invites you to enjoy Introduction to Letter Sounds. A strong foundation in phonics has been proven to support children in learning to read, and this book is designed to assist phonics instruction, at home or in school, by teaching children to correctly associate individual letters with the sounds they make.
